Freddy's Frozen Custard and Steakburgers

Standale, MI

Crew Member

Nov 2025 - Present

- Delivered fast, accurate service in a high-volume environment with strict time targets
- Resolved customer issues to maintain expected service quality
- Demonstrated time management by balancing academic responsibilities and consistent part-time employment
- Collaborated with a team to assist in food prep and ensure smooth service flow within a fast paced environment

TECHNICAL SKILLS

Languages

- Comfortable with Python Object-Oriented Programming, Scripting and Basic data structures
- Familiar with C Fundamentals and Memory Concepts

Web

- Comfortable with HTML and CSS in making responsive layouts

Developer Tools

- Comfortable with version control tools like Git & GitHub
- Familiar with Linux-based workflows like Bash, SSH, Vim
- Familiar with live web-app deployment with software like Render

PROJECTS

Python To-Do List (OOP)

- Designed and implemented a command-line To-Do list application using object-oriented programming in Python
- Applied encapsulation and class-based design to create tasks, remove tasks and manage tasks
- Strengthen understanding of program structure, reusability and basic software design patterns

Youtube to MP3 Converter

- Built a backend web application using Django to process user-submitted Youtube URLs and converts them to MP3 files
- Integrated third-party Python Libraries and external services to handle media retrieval and conversion
- Deployed the application on Render, managing configuration and environment variables
